ACTIONS

Borderlands

- Fundraising: *Borderlands* has been a Parish Project since September 2015. However at the end of the year a new charity will be adopted by the parish – nominations are already being asked for
- We propose to end the year with two fundraising activities: bread and soup lunch on a Sunday in November and the Carol Concert given by the Oriana singers. The charity gets half the proceeds from the concert
- It was suggested that *Borderlands* could be nominated again for next year

Laudato Si

- The ideas from *Laudato Si* will be followed up by the Parish Council

Healing Service

- A request has been made by a group member for a monthly Healing Service in which the sick can be anointed

Other Actions

- With our time of supporting *Borderlands* coming to a close, we discussed a new focus for the *Faith in Action* group. We realised that our shared prayers were in fact very important to the Parish, and that this would perhaps be our role in future
